

PHILIPP EIBL

+1(250) 258-6655 – Vancouver, BC

{first name}.{last name}@mail.utoronto.ca – linkedin.com/in/philippeibl – github.com/philippnoah

EDUCATION

HBSc in Computer Science, University of Toronto (St. George)

Dec 2022

EXPERIENCE

Software Development Intern

Amazon

May 2022 - Aug 2022

Vancouver, BC

NLP Research Intern

University of Toronto

Jan 2022 - Jun 2022

Toronto, ON

- Provided academic consulting to a large Canadian asset management company
- Developed a deep neural network framework with modules for customization
- Prediction of financial data using finetuning of pre-trained models such as BERT

Data Scientist

SR.AI

Jan 2022 - May 2022

Toronto, ON

- Worked on ML pipeline to finetune pre-trained transformer models for ESG-related prediction tasks

NLP Research Assistant

University of Toronto

Sep 2021 - Jan 2022

Toronto, ON

- Researched mutual information estimators parameterized through deep neural networks
- Performed novel empirical methods for evaluation

Software Engineer Arctic Wolf

Sep 2021 - Nov 2021

Full Stack Engineer University of British Columbia

Dec 2018 - Mar 2019

SKILLS

Languages

Python, Java, Javascript, HTML, CSS, SQL

Frameworks

PyTorch, Numpy, Pandas, Spacy, SciPy, React, Node.js, MongoDB

Tools

Git, Docker, AWS

Soft Skills

Problem Solving, Teamwork, Ownership, Communication, Leadership

(Other) languages

English, German, French, Italian
