EDUCATION

HBSc in Computer Science, University of Toronto (St. George)   Dec 2022

EXPERIENCE

NLP Research Intern   Jan 2022 - Jun 2022
University of Toronto   *Toronto, ON*

- Provided academic consulting to a large Canadian asset management company
- Developed a deep neural network framework with modules for customization
- Prediction of financial data using finetuning of pre-trained models such as BERT

Data Scientist   Jan 2022 - May 2022
SR.AI   *Toronto, ON*

- Worked on ML pipeline to finetune pre-trained tansformer models for ESG-related prediction tasks

NLP Research Assistant   Sep 2021 - Jan 2022
University of Toronto   *Toronto, ON*

- Researched mutual information estimators parameterized through deep neural networks
- Performed novel empirical tests on existing estimators with text data

Software Engineer Arctic Wolf   Sep 2021 - Nov 2021

Full Stack Engineer University of British Columbia   Dec 18 - Mar 2019

SKILLS

Languages	Python, Java, Javascript, HTML, CSS, SQL
Frameworks	PyTorch, Numpy, Pandas, Spacy, SciPy, React, Node.js, MongoDB
Tools	Git, Docker, AWS
Soft Skills	Problem Solving, Teamwork, Accountability, Communication, Leadership, Time Management
